

International Baltic Sea Region conference „Functional materials and nanotechnologies 2009”,

Institute of Solid State Physics, University of Latvia,

Riga, 31 March – 3 April 2009.

1. D.Loca, L.Berzina-Cimdina, J.Locs. **Microencapsulation and Characterisation of Highly Water Soluble Pharmaceuticals.** *International Baltic Sea Region conference “Functional materials and nanotechnologies 2009”, Book of abstracts*, Institute of Solid State Physics, University of Latvia, Riga, **2009**, p.86.
2. J.Locs, L.Berzina-Cimdina, A.Zhurinsh, D.Vempere, A.Sica. **Development of Porous Biomorphic Silicon Carbide Ceramics.** *International Baltic Sea Region conference “Functional materials and nanotechnologies 2009”, Book of abstracts*, Institute of Solid State Physics, University of Latvia, Riga, **2009**, p.87.
3. A.Stunda, K.Morozova, I.Brante, A.Reinis, L.Berziņa-Cimdiņa. **Investigation of phases of sodium and niobium containing calcium phosphate glass-ceramics.** *International Baltic Sea Region conference “Functional materials and nanotechnologies 2009”, Book of abstracts*, Institute of Solid State Physics, University of Latvia, Riga, **2009**, p.88.
4. A.Pavlova, M.Reimanis, L.Berziņa-Cimdiņa, J.Ozolins, T.Barloti, V.Teyers. **Fabrikation of a conductive ceramic and its use in water treatment technology.** *International Baltic Sea Region conference “Functional materials and nanotechnologies 2009”, Book of abstracts*, Institute of Solid State Physics, University of Latvia, Riga, **2009**, p.196.
5. V.Krilova, V.Vitins, L.Berzina-Cimdina, I.Knets. **Functionalized acrylic bone cement.** *International Baltic Sea Region conference “Functional materials and nanotechnologies 2009”, Book of abstracts*, Institute of Solid State Physics, University of Latvia, Riga, **2009**, p.197.
6. K.Salma, L.Berzina-Cimdina, N.Borodajenko, Z.Irbe, V.Zalite. **Influence of synthesis conditions on hydroxyapatite prepared by wet chemical precipitation rout.** *International Baltic Sea Region conference “Functional materials and nanotechnologies 2009”, Book of abstracts*, Institute of Solid State Physics, University of Latvia, Riga, **2009**, p.198.

7. Z.Irbe, L.Bērziņa-Cimdiņa. **Biphasic calcium phosphate bioceramics prepared by changing Ca/P ratio of hydroxyapatite.** *International Baltic Sea Region conference “Functional materials and nanotechnologies 2009”, Book of abstracts*, Institute of Solid State Physics, University of Latvia, Riga, **2009**, p.199.
